Dear Parents and Carers,

I'm writing to make you aware of an important safeguarding issue that has come to our attention.

Some students have discovered that pressing the green emergency release buttons will open our Maglock doors. These doors are in place to keep everyone safe, and using the emergency release without a genuine reason is a serious matter, similar in significance to setting off a fire alarm.

We've spoken to students to make sure they understand the seriousness of this, and we'll be following our behaviour systems where necessary to reinforce expectations. It's vital that all students respect the safety measures we have in place.

We're asking for your support in reinforcing this message at home. Please talk to your child about the importance of keeping our school environment safe for everyone. When we work together, school and home, we can make sure all students understand the impact of their actions and help them make the right choices.

Thank you for your continued support.

Yours sincerely,

Phil Arnold
Headteacher
