Dear Parents and Carers,

You will be aware of a potential weather system affecting the region. While the risk of snow in our immediate area is very low, we understand that families living on higher ground may experience more challenging conditions. In addition, strong winds are forecast, and due to the nature of the trees on our site, this poses an additional risk. Please be assured that we will be putting extra measures in place to ensure the site remains as safe as possible. This includes wet lunch and break provisions to keep children indoors during adverse conditions.

If you feel that it is not safe to travel to school, please inform us at the earliest convenience. Your child's safety is our priority, and we appreciate your cooperation in keeping us updated.

It is highly unlikely that we will need to close the school, if there are any issues, we will communicate with you before 07:00 in the morning via Arbor, our school website and Facebook.

If you have any questions or concerns, please contact your child's teacher or tutor.

Yours sincerely

Phil Arnold
Headteacher
